

WICKED PROBLEM: ADVERSE CHILDHOOD EXPERIENCES

Results	Indicators	Story	Partners	What Works	Action Plan
<i>What quality of life conditions do we want for our community?</i>	<i>What data exists that could help us measure these conditions?</i>	<i>How do you explain the story between the result you want and the indicators you have chosen? What are the root causes?</i>	<i>Who are the partners with a role to play?</i>	<i>What works? What would it take to do better?</i>	<i>What do we propose to actually do, and how are we going to measure our performance?</i>
<p>We want:</p> <ul style="list-style-type: none"> Stability – we have the things we need Supportive caregivers that are protective, attentive, emotionally supportive, safe Access to resources for housing, education and literacy for knowing how to access Medical care to support healthy minds and bodies Educational success from PreK to Graduation <p>We want a sense of belonging and want to prevent child abuse across generations</p>	<ul style="list-style-type: none"> # of Divorces Substantiated reports of abuse per county Mental health visits by families (ER Data, utilization, provider metrics) School suspension counts/rate Homelessness Free/reduced free lunch (eligible for federal programs) Violence in community stats School resource Officers (contact) Urban vs rural differences NCA statistics Thrive – measure trends <p>Proxy measures:</p> <ul style="list-style-type: none"> Disconnected youth (% of 16–19-year-olds not in school or working) <p>Where are we compared to other states? Examine training needs on recording data such as trauma informed practices</p>	<ul style="list-style-type: none"> Parents lack skills, education History of generational trauma /poverty (parents not able to cope with their issues and do not recognize trauma) Mental health issues Unemployment Not their fault White supremacy (cultural values around whiteness, perpetuating systems) <ul style="list-style-type: none"> Adultification of Black children Cultural assumptions Access to providers and educators Systemic biases Immigration Income Equity vs equality Access to mental health and addiction treatment Divorce Families of color less trusting of government Appalachian families Vocabulary Reckoning with our desires for our kids’ futures Barriers 	<ul style="list-style-type: none"> Transportation Partners Data Partners Courts Business Community Foundations/funders Social Service Child Caregivers (including after school and summer camp) Parents/Families Schools Law enforcement Medical community Local government Policymakers Faith Community Non-profits 	<ul style="list-style-type: none"> Trauma Informed Training Strategic collaboration – not territorial Understanding your community Resource-sharing – Willingness to pass \$\$\$ opportunities to other organizations Residential zoning for multigeneration housing Medicaid expansion Modeling positive parenting Honoring community-based resources CAC’s work to prevent law enforcement exposure Social-emotional health education for parents & children 	<p>Now</p> <p>Next 12 Months</p> <p>2-5 Years</p>
