WNC Bridge Foundation is committed to meeting the health challenges that face our region.

We believe a crucial component of that commitment is to ensure our communities have exceptional healthcare workers.

We award \$2,000 scholarships each year to deserving high school seniors who are pursuing health-related occupations and have been identified by their teachers as having the potential to make a significant impact in the healthcare field.

Health Scholarships are offered to 40 schools throughout the 18 counties we serve in Western North Carolina.
